Solidworks Installation Instructions (2018-2019) (For Chrome)

- 1. Find the student kit information at: http://www.solidworks.com/sw/education/SDL_form.html
- To request the download, fill out the information. Select "yes", that you already have a serial number beginning with 9020. The SEK-ID is XSEK12, but you should not need to give this after selecting "yes" on the previous step. Make sure to select the **2018-2019** version. Enter your email and select student from the bottom drop-down list. When finished, click "request download".

Iready have a Serial Number that sta	rts with 9020: Yes: No: O	
If No, please enter SDK-ID, SEK-ID, o	or Trial Code: XSEK12	
Version:	2018-2019 🗸	
Email Address:	@crimson.ua.edu	
Please Select one of the following:	Student 🗸	
	Request Download	

- 3. On the next page, accept the agreement at the bottom of the page.
- 4. On the next page, click the blue download button. At the bottom of your screen, you will see the Setup file. Right click it, and click run as administrator.

- 5. Click "yes" to allow changed to be made to your PC.
- 6. In the window that appears, click "unzip". When finished, another box will appear telling you the number of files unzipped. Click "ok".

WinZip Self-Extractor - SolidWorksSetup.exe	\times
To unzip all files in SolidWorksSetup.exe to the specified folder press the Unzip button.	Unzip
Unzip to folder:	Run WinZip
C:\Users\coe-Iryerby\Downloads Browse	Close
Verwrite files without prompting	About
 When done unzipping open: sldim\sldim.exe 	Help

7. The Solidworks installation manager will open. If a message concerning a Windows reboot appears, click "ok".

8. On the next page, select "Individual" as the type of installation. Then click "next".

9. The next page will ask for the serial number for the 3D design. Your instructor will provide you with this, Enter the number and click "next".
